possibilities with the interchangeable truck body solution

Product Synopsis | Ideal for most chassis cab types with a GVWR of 13,500-33,000lbs. Compatible with vehicles ranging from 60" CA to 138" CA. Quickly and safely change bodies in *under three minutes*. Easy interior cab controls for tight city & urban space.

CHALLENGES

- Equipment Transportation
- Job Specific Vehicles
- Budget Constraints
- Inefficient Vehicle Utilization

“The right tool for the job makes us money. The right truck for the job, does the same thing.”

APPROACH

Organize and store your tools on site without having to leave a truck. Instead, drop off the body, lock it up with your tools overnight, and get back to work the next day while the truck is working hard on another site.

- One Truck with Multiple Bodies
- On-Site Security and Storage
- Ground Level Loading
- Additional Services
- Multi-Seasonal Use
- Job Staging
- Towing Capabilities
- Greater Job Efficiency
- 3 Minute Changeover
- Maneuverability
- Non-CDL Trucks
- Significantly Lower Total Cost of Ownership

SOLUTION

By utilizing the Switch-N-Go® interchangeable truck body system, a single truck does the work of three. Whether you are a national home builder, regional construction company, or family owned business, Switch-N-Go® delivers solutions that maximize budget dollars, keeps workers safe, and provides your team the right tool for every job.
